YOUR FEET ON THE GROUND IN WEST AFRICA

SEMS Exploration is the leading full-service mineral exploration and mining consultancy company in West Africa

Since 2002, SEMS Exploration has provided independent geological consultancy and in-country support services to the Mineral Exploration and Mining Industry of West Africa. During this time, we have established a reputation for dedicated, high quality work with a wide range of clients from major mining companies to junior exploration companies and private investors.

YOUR FEET ON THE GROUND IN WEST AFRICA
